Art Unit: 2834

***Allowable Subject Matter***

Claims 18-37 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art fails to show or fairly suggest an outer electrode pair in a piezoelectric stack configuration in which the more outer of the outer electrode pair is shaped such that it has elastic feet which connect at a plurality of points the less outer of the outer electrode pair.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Direct inquiry concerning this action to Examiner Dougherty at (703) 308-1628.
